

Words by one make talking fun...

copy my actions, sounds and words

This will help me to:

- Learn new things
- Interact with others
- Be more confident
- Make friends at nursery and school
- Develop more independence

By responding to your child's actions, sounds and words you open communication & turn taking, and this will help develop back and forth 'conversations' right from the new-born baby stage. Early 'conversations' may consist of smiling or a baby waving their arms and legs in excitement.

Helpful tips:

- When your baby is making noises and different expressions, look and listen to show you are interested
- Copy noises and expressions your baby makes, smile and talk to them – this will encourage them to keep making 'conversation'
- When your child tells you about their day, listen and ask them questions.
- Visit CYPsLT Pinterest and Hungry Little Minds website
